A little about myself :

I am a driven individual who wants to add value to my career and future , thus I am looking to further my career in the equine industry. I am looking for a position in the horse industry that will allow me to grow to my full potential . I am passionate about showjumping and eager to try different disciplines in the sport. My long term goal would be to grow and learn as much as I can to better the my skill and value in a company , as well as to someday study Veterinary Sciences , as my true passion lies with medicine and animals .
